

Dear Valued Customer

The Covid19 pandemic virus has undoubtedly made its mark across the entire planet. We at Filter Pump Industries wish you all the best as we navigate through the rigors we face every day for as long as Covid19 persists in affecting us.

Filter Pump would like to assure you, our valued customers, that we are operating at 100% capacity and continue serving you with our "On Time" policy.

Our highly trained and experienced staff in sales, service, and production are working together to afford you, our customers, the security and peace of mind you deserve.

During this time of uncertainty with Covid19, we will be limiting visitors to our facility. Should it become necessary to visit, we respectfully ask that you make an appointment before your visit so that we can adequately prepare proper social distancing.

FPI has always maintained a high level of readiness, and this is no exception. Our vendors and suppliers are all up to standard, and we stand ready to serve and assist. This situation remains fluid, and we will stay ahead of it.

Covid19 poses one of the world's most significant health issues in history. We stand vigilant in our responsibilities and look forward to a day free from this dreaded problem.

Until that day, rest assured, we will continue to do our very best for you.

You can continue to count on Filter Pump to deliver the very best.

Sincerely,

Filter Pump Industries
